Fax: (306) 425-3377

February 10, 2021

Dear Parents/Guardians,

On the afternoon of February 10, 2021, Northern Lights School Division became aware of one individual who has been confirmed COVID-19 positive at Churchill Community High School.

We have been advised that Public Health has completed the case and contact investigation related to the school setting.

Following a detailed risk assessment by the Medical Health Officer all close contacts (high risk) have been identified and provided with the appropriate direction from Public Health regarding isolation, testing and follow up. Specific students who have been assessed as non-close contacts will also be contacted by Public Health.

If you do not hear from them directly, that means your child has not been assessed to be a close contact.

At this point, there is no evidence of COVID-19 transmission within the school setting.

Under the direction of the Medical Health Officer, the affected part of Churchill School will undergo deep cleaning and disinfection as per the recommended protocol, through the guidance provided by the Saskatchewan Health Authority's (SHA) Public Health Inspectors.

We will continue to provide additional information to parents/guardians as it is available. For further information regarding COVID-19, please call Health Line at 811, and/or visit the Government of Saskatchewan COVID-19 website at [www.saskatchewan.ca/covid19](http://www.saskatchewan.ca/covid19).

tiniki/marsi cho,

Jason Young  
Director of Education
